Chip and Kristine:

Following up on the November 22nd letter to Dan Opalski from the signatories of the Portland Harbor technical white paper, we would like to schedule a meeting with you, preferably before the holidays. In attendance would be myself, Howard Cumberland of Geosyntec, and Steve Walker of Terra Environmental to discuss Portland Harbor concerns.

The best days for us would be the afternoon on December 13th (say, after 1 pm) and anytime on December 14th. We would anticipate a 1.5 hour meeting.

Please let me know if we can make a time work on either day, and we'll go from there. Since Floyd|Snider's offices are directly across the street from Region X HQ, I'd offer up our conference room as a meeting place.

Much appreciated!

Allison G.
